Fig. 4

This cross-sectional view shows a central shaft (10) passing through a split sleeve (12). The sleeve is composed of two halves (14, 16) joined by a bolt (18) and nut (20) assembly. The sleeve has an inner bore (24) and an outer diameter (26). The shaft has a central section (30) and end sections (32, 34) that fit into the sleeve's bore. The shaft is secured by a pin (40) and a nut (42) at each end.
